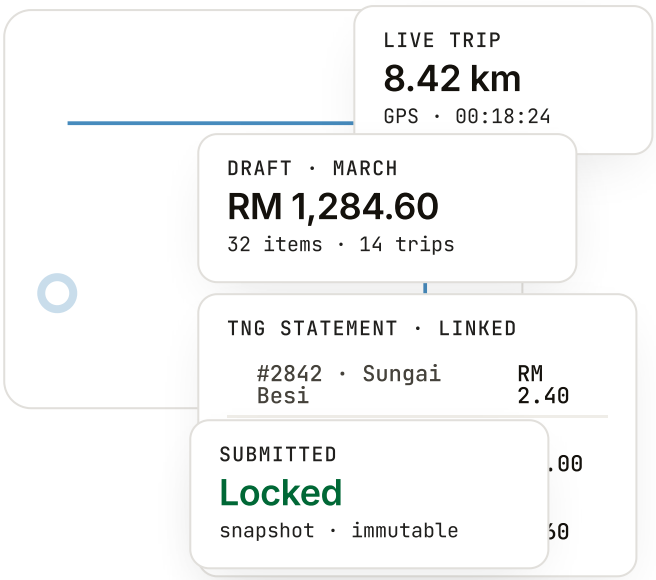
m **myexpensio** A PRODUCT BY EFFORTEDUTECH

DAILY EXPENSES, SOLVED.

Every trip, receipt and toll — in one audit-ready claim.

myexpensio captures mileage, meals, tolls and per-diems as they happen, links them to your TNG statement, and exports a submission-ready PDF your finance team can verify in one pass.

3 trip methods · 12 claim types · TNG appendix · Free tier



01
Three trip methods
Live GPS, planned route, or odometer-only — pick what matches each real trip.

02
Trips first, claims second
Capture movement daily. Pull saved trips into claims at month end — no rebuild.

03
TNG-native evidence
Statement parsed into linkable rows. Toll & parking items reference the source directly.

04
Highlighted PDF appendix
Exports append your TNG statement with every linked transaction number highlighted.

HOW IT WORKS · FOUR STAGES

01 CAPTURE
Record trips
GPS, route or odometer — meters stored, KM displayed.

02 ASSEMBLE
Build the claim
Add items, scan receipts, link trips as mileage.

03 VERIFY
Link TNG
Upload statement. Attach rows to toll and parking items.

04 EXPORT
Ship to finance
CSV, XLSX or PDF with highlighted TNG appendix.

COVERS EVERY REAL FIELD EXPENSE

Mileage	Meal	Lodging	Toll	Parking	Taxi
Grab	Train	Flight	Bus	Per diem	Misc

shaded = TNG-linkable

BUILT FOR BOTH SIDES OF THE CLAIM

FOR MOBILE STAFF
Update once a day. Never rebuild a month.

Record a trip	~10 sec
Add a receipt	~20 sec
Link a TNG toll	~5 sec

FOR HR & FINANCE
Verify the first time. Not the third.

Per-item audit trail	built-in
Highlighted TNG appendix	in-PDF
Deterministic totals	snapshot
